

1. Los elementos de cada coche.

```
Found 117 results for expression '//coche/node()'
```

2. Los elementos de cada reparación.

```
Found 99 results for expression '//reparacion/node()'  
Found node of type Text with value '  
  ' at line 78  
Found node of type Element with name 'matricula' at line 79  
Found node of type Text with value '  
  ' at line 79  
Found node of type Element with name 'descripcion' at line 80  
Found node of type Text with value '  
  ' at line 80  
Found node of type Element with name 'fecha_entrada' at line 81  
Found node of type Text with value '  
  ' at line 81  
Found node of type Element with name 'fecha_salida' at line 82  
Found node of type Text with value '
```

3. El contenido de La matrícula de los coches.

```
Found 9 results for expression '//coche/matricula/text()'  
Found node of type Text with value '1234A' at line 5  
Found node of type Text with value '4444B' at line 13  
Found node of type Text with value '1233A' at line 21  
Found node of type Text with value '0011A' at line 29  
Found node of type Text with value '1100B' at line 37  
Found node of type Text with value '1001A' at line 45  
Found node of type Text with value '1222C' at line 53  
Found node of type Text with value '2211C' at line 61  
Found node of type Text with value '1234C' at line 69  
The expression '//coche/matricula/text()' took 0.003 seconds to evaluate  
|
```

4. Todos los nodos (elementos y contenido) de los coches de la marca Renault.

```
Found 14 results for expression '//coche[marca="Renault"]/text()'
```

5. Todos los nodos de los coches de más de 200000 km.

```
Found 52 results for expression '//coche[km>200000]/node()'
```

6. El contenido del color del coche de matrícula 1234C.

```
Found 1 results for expression '//coche[matricula="1234C"]/color/text()'  
Found node of type Text with value 'Verde' at line 73  
The expression '//coche[matricula="1234C"]/color/text()' took 0.002  
seconds to evaluate  
|
```

7. El contenido de la descripción de las reparaciones realizadas al coche de matrícula: 4444B.

```
Found 2 results for expression '//reparacion[matricula="4444B"]/
descripcion/text()'
Found node of type Text with value 'Cambio aceite' at line 87
Found node of type Text with value 'Cambio neumaticos' at line 94
The expression '//reparacion[matricula="4444B"]/descripcion/text()' took 0.
003 seconds to evaluate
```

8. El contenido de la descripción de la reparación de código J0005.

```
Found 1 results for expression '//reparacion[@codigo="J0005"]/descripcion/
text()'
Found node of type Text with value 'Fallo encendido' at line 108
The expression '//reparacion[@codigo="J0005"]/descripcion/text()' took 0.
002 seconds to evaluate
```

9. Suma de las horas invertidas reparando coches.

```
The expression 'sum(//reparacion/horas)' resulted in: 40
```

10. Número de coches en el documento.

```
The expression 'count(//coche)' resulted in: 9
```

11. Selecciona todos los elementos del primer coche.

```
Found 13 results for expression '//coche[1]/node()'
Found node of type Text with value '
' at line 4
Found node of type Element with name 'matricula' at line 5
Found node of type Text with value '
' at line 5
Found node of type Element with name 'propietario' at line 6
